OR CZARA Managers' Check in Meeting

April 20 at 12:15 pm OR/WA or 3:15 pm MD/VA

Non-Responsive

Agenda

- Ag kick off meeting draft agenda, invitees, & logistics (see below or attached)
- Managers' Updates – cover letter & closing the gaps document status, exchange of letters, etc.
- Riparian Rulemaking update
- Proposed Email for Forestry Kick Off meeting (see below or attached)*
- Other?

June 2 Oregon Ag Kick Off Meeting

Meeting will be held at EPA's Operations Office in Portland, OR from 10-1 pm.

Draft Agenda

Purpose

Share information about how Oregon's agricultural program addresses the CZARA agricultural management measures and learn how Oregon is doing or planning on doing to address these concerns raised by the public. Explore next steps on how the state and federal agencies can work together to ensure the adequacy of Oregon's agriculture programs and policies for meeting the 6217(g) agriculture management measures and conditions placed on Oregon's Coastal Nonpoint Program, including exploring what actions might be needed in order to address any gaps.

Background

This meeting will be the beginning of an effort for the state and federal agencies to work together to ensure the adequacy of Oregon's agriculture programs and policies for meeting the 6217(g) agriculture management measures and conditions placed on Oregon's Coastal Nonpoint Program, including exploring what actions might be needed in order to address any gaps.

Agenda

10-10:30 AM:	Welcome/Opening Remarks (Christine Psyk, EPA R10)(Lisa Hansen or Ray Jaendl, ODA) Agenda Review/Logistics (?) Introductions (All)
10:30-10:50 AM	Background OR CZARA with focus on Ag (Christine Psyk, EPA R10)
10:50-11:30 AM	ODA presentation on Agricultural Water Quality Program and Area Plans (Kevin Finn, ODA)
11:30-12:15 PM	ODA/DEQ presentation on Oregon's responses to questions posed during public comment

period (Mike Powers/Judith Callens/Koto Kishida)

12:15-1 PM

Reflections, reactions & questions on presentations (All)
Next Steps

Current list of invitees

State Agencies

Oregon Department of Environmental Quality

Manager

Greg Aldrich

Gene Foster

Technical Staff

Karen Tarnow

Koto Kishida

Oregon Department of Agriculture

Managers

Lisa Hanson (remote likely)

Raymond Jaindl

John Byers

Technical Staff

Lynda Hall

Technical Staff

Don Waye or Katie Flahive

NOAA HQ

Manager:

Joelle Gore

Technical Staff

Allison Castellan

NOAA Fisheries: West Coast Region

Manager:

Kim Kratz

Technical Staff

Rob Walton

Proposed Email for Scheduling the Forestry Meeting

Hi All,

EPA/NOAA would like to set up a meeting with Oregon DEQ, ODF and DLCD during May in Portland to begin the conversation on what Oregon needs to do in order to address the gaps in its Forestry program to ensure the adequacy of Oregon's forestry programs and policies for meeting the 6217(g) additional management measures for forestry.

Please complete the doodle poll below and be sure to check to make sure the time zone is correct.

{link}

Please pass on this link to anyone I have missed.

We'll be sharing a draft agenda for review in the near future.

Background

As you may be aware, EPA and NOAA developed and shared with the Governor's Office and senior management of DEQ and ODF a document titled "Options for Closing the Gap on Forestry Management Measures." This document provides an overview of some of the options Oregon could consider to close the gap and develop additional management measures for forestry. It is designed as a starting point for further conversations among NOAA, the EPA and relevant state agencies to help achieve this goal. This document describes how Oregon may choose to strengthen and expand its forest management measures within its coastal nonpoint management area in ways that will achieve a healthier, more resilient coastal environment and meet CZARA statutory objectives.

During this spring and summer, the federal agencies plan to work with relevant state agencies to assist the State in developing a plan to address the gaps in forestry. Ideally these conversations would lead to the development of a more detailed strategy, complete with interim milestones and expected dates for meeting those milestones that Oregon would then provide to NOAA and EPA by fall 2015. This meeting serves as a kick off for this effort.

Regards,

Jayne Carlin, Watersheds Unit
